Over the last 25 years, The Red Lion Tavern & BBQ has been a Northwest landmark.

*It's been a Jazz bar, beat bar, biker bar, hippie hangout, comedy club and blues joint.*

*All that hasn't fazed the everyday folks who keep coming back to the Red Lion for one reason - the barbeque.*

*Barbeque made western-style with a robust sauce cooked slowly into the meat, bringing out its natural flavors.*

*It's a sauce so special only one family knows its secrets. So persuasive a Chicago fellow once asked his brother to pick up three pounds of ribs to go during an airport layover. So memorable we've flown our ribs to San Francisco, New York and beyond.*

*Now Spokane's best barbeque sauce has gone public. The tangy, slow-cooked flavor that's inspired taste buds for a quarter century is available here at the Red Lion Pub.*

*RED LION PREMIUM BARBEQUE SAUCE . . . a traditional Western barbeque sauce with the fresh taste and established reputation of a winner. Call today for mouth watering BBQ.*
